

It is with a heavy heart and a decision that has not been easy to make. Due to the recent Covid-19 pandemic we have made the hard decision to discontinue our production of Cream Line milk in glass bottles.

This was not a decision that we took lightly. With the no bottle return policy due to Covid-19 and getting product brought in it has left us no choice.

We would like to thank all of you for supporting our dream of our little on farm dairy and without the milk in glass this dream would not have been possible. We are happy that we still have our line of milk in the plastic bottles so that you can still enjoy our dairy products fresh from the farm.

Thank you for supporting local business,  
Terry & Tracy DeBacker  
DeBacker Family Dairy, LLC
